

This year our Desert Spring Different Kind of Christmas is partnering with Family Promise of Las Vegas. Family Promise helps homeless families gain the skills and resources needed for family stability. Our gift will provide resources needed to build two “Bridge” apartments that provide temporary housing for families in the Family Promise program. The Bridge apartments are located within the Family Promise facilities so everything families need to succeed will be provided. Two thirds of the people in the Family Promise program are children.

In addition, 10% of this year’s offering will be sent to “Soaring Unlimited,” a United Methodist related mission in Northern Haiti assisting with family stability by providing care for women and children.

A Christmas gift has been given in your honor to help families in Las Vegas and Haiti. The gift is one that will benefit many families for decades to come. Merry Christmas!
