## 2024 Annual Men's Retreat @Potosi Pines

Come relax with an open mind and heart to listen, learn and candidly share..., and maybe just discover your Next

If you are still on this planet, then your work is not done.

Maybe you're lost or stuck in a rut.

Maybe you feel you don't have anything else to contribute.

Maybe you're in transition. Maybe you've found your Next and are living it!

Maybe you're helping others find their Next. Maybe you're just tired.
